10.	<b>Neighbourhood Plan</b>
	<p>Update from KO: All the working groups have had more meetings and appear to be working well.</p> <p>Public meeting on Housing and Design was attended by slightly more villagers than the previous one and again well supported by the Steering Group members. A PowerPoint presentation was given to the school children on designs of Sandhurst Houses which was followed by a session when they designed their own houses. They took a questionnaire home. The aim was to get parents on board through the children's effort and interest. The Community Group also talked to the children and gave parents a short questionnaire.</p> <p>The Community and Environment groups were the last to have their public meeting on 1st April and we saw a few more residents again. Perhaps the message is getting out there. I wasn't able to be at that last meeting but gather it was well received and there was a lot of good discussion and feedback.</p> <p>I haven't had a chance yet to catch up with Jim Boot with regard to correlating all the information from these meetings but that is the next job for when he is back from annual leave next week.
